

Lester Dave Salazar

Passionate and detail-oriented BSIT graduate seeking a versatile role in the tech industry. I am eager to leverage my strong analytical and coding skills, along with hands-on experience in cloud operations, automation, and project management. With a background in optimizing cloud resource usage, automating deployment processes, and making solutions to enhance operational efficiency, I am driven to contribute to business growth and excellence. My goal is to proactively maintain and enhance system stability and efficiency.

PROFESSIONAL EXPERIENCE

Intern, Cloud Infrastructure Engineer December 2023 - June 2024
Globe Telecom, The Globe Tower 32nd St, Taguig

- Provisioned powerschedule and collaborated with platform owners for the implementation of optimization tools, ensuring efficient resource management and cost optimization.
- Designed and deployed multi-tier web applications using AWS services, Terraform, and IDE, contributing to the successful development and deployment of cloud-based solutions.
- Collaborated with cross-functional teams to troubleshoot technical issues, optimize power scheduling options, and ensure compliance with organizational policies and standards.
- Implemented GitLab CI/CD pipelines to automate the build, test, and deployment processes for cloud applications.

Freelance Graphic Designer January 2022 - November 2022
BASC (NFT Company), London, United Kingdom (Remote)

- Led the design team in the creation of visually stunning and innovative NFT artworks and assets.
- Collaborated in programming and integrating metaverse technology for NFT exhibits, enhancing the immersive experience for users.
- Developed a consistent visual style across all Bored Aliens products, ensuring brand consistency and integrity.

TECHNICAL SKILLS

- Cloud Infrastructure Management
- Infrastructure as Code (IaC)
- Automation Scripting (Python)
- GitLab CI/CD Pipelines
- Application Deployment
- Database Management

SOFT SKILLS

- Agile & Scrum Methodologies
- Solution-Centric
- Adaptability to Changes
- Effective Communication with Stakeholders
- Attention to Detail
